

Summary of key results for Madibeng informal settlements – 30th April, 2021

KEY FINDINGS¹

Number of settlements in this round	Number of residents in this round
4	13

Access to water

- All residents said there was not enough water in their settlement
- Below are the water-related challenges raised by residents:
 - Insufficient water supplied by the municipality

Access to sanitation

- All the residents said that the municipality did not clean or drain toilets over the last 7 days
- Most of the residents use self-dug pit toilets, while one had a flush toilet that they could not use because of lack of water
- Two residents had no toilets
- The following are sanitation challenges raised:
 - Health and safety hazards associated with pit toilets
 - Having to dig another toilet when the existing self-dug toilet was full
 - People using the bush because of absence of decent, or indeed any, toilets

Waste removal

- All the residents said waste was not collected from their settlements
- The following are the waste removal challenges raised:
 - Waste thrown at Waste Tech is not being collected
 - Absence of any collection at all
 - Waste collection, when it happened, occurring only at the Main Road

Good news

- The municipality added two more water tanks so that there are now three tanks serving the settlement
